

# The Future Industry, innovative solutions for the Energy Transition: from Carbon Capture to Biomethane

April 3rd, 2025 | 10:00 - 13:00

## 10:00 | Welcome greetings

- **Giovanni Lozza**, Director of the energy Department - Milan Politecnico
- **Riccardo Bellato**, President of Lombardy Energy Cleantech Cluster (LE2C)

## The Regional Perspective on the Energy Transition

- **Giorgio Maione**, Lombardy Region's Minister for Environment and Climate

## Energy Challenges in Industry: Innovation, Sustainability, and the Transition to the Future

- **Giuseppe Pasini**, Confindustria Lombardia's President

## Keynote Speaker: The European Strategy for the Energy Transition and Funding Opportunities

- **Marcello Capra**, Delegate of the Strategic Energy Technology (SET) Plan - Ministry of Environment and Energy Security

## Round Table - The Energy Transition: Challenges and Opportunities for CCUS and Biomethane - Research and Industry in Dialogue

Discussion Topics: Carbon Capture, Utilization, and Storage (CCUS) and Biomethane

- **Enrico Calzavacca**, R&D Director - AB Impianti
- **Silvia Gentilucci**, Technology Innovation Manager - Saipem S.p.A.
- **Matteo Romano**, Full Professor - Milan Politecnico
- **Andrea Rossetti**, Researcher - Ricerca sul Sistema Energetico - RSE S.p.A

Moderator: **Paolo Silva**, Full Professor - Milan Politecnico

## RISE Project

- **Fabrizio Guarrasi**, Project Manager - Lombardy Energy Cleantech Cluster (LE2C)
- **Project Success Case: Bluefoundation's Case** | **Marco Gianotti Pret**, Chief Operating Officer - BlueFoundation

## Q&A

## 12:50 | Conclusions

- **Giovanni Lozza**, Director of the energy Department at the Milan Politecnico

Will moderate the event: **Carmen Disanto**, Cluster Manager - LE2C

The event will take place at **EN:lab , Dipartimento di Energia  
Politecnico di Milano | Edificio 31, Via Lambruschini, Milano**
